

GUIDES OFFICE

Welcome to the field of high mountain and virgin spaces ! Our mountain guides and middle mountain guides team is at your disposal, summer and winter !

Freeride

Nothing can be more pleasant than tasting the joy of off-piste skiing and fresh snow. Let us guide you on the different trails of the region.

A succession of low slopes allows us to getting familiar with this new freedom feeling.

For the most experimented, the descent of Les Faverges and its different possibility will surely satisfy you!

Required:

Initiation :

Being able to ski on all slopes. Discovering the safety material in order to leave the slopes. We never are too far away of the slopes, which offer the possibility to come back in case of tiredness or difficult snow conditions.

Faverges :

Good physical and technical condition. The descents can be long and we are often far from the ski resorts.
